Housing Options

Rowhomes

Several homes in the neighborhoods closest to campus, rent to many students offering a community living experience with students.

Commerical

There are over 20 commercial properties that surround the Homewood campus. Many of which have a relationship with our office.

Condominiums

We have an online database that allow students to identify housing options for rent including units in nearby condominium complexes.

BALTIMORE

Our office encourages and sponsors activities introducing students to Baltimore. From strolling along the waterfront at Inner Harbor to discovering local art, vintage shops, and hole-in-the-wall eateries in neighborhoods like Hampden and Fells Point, there's always something new to experience. Students often take advantage of free museum days, pop-up markets, and live music events, turning weekends into mini adventures without breaking the bank.
